## 1. Introduction

Section guidelines:

Team Members	Tasks
Ranudi Kumarawadu	Student I
Vinuja Jayathilaka	Student II
Nimas Nimshi	Student III
Dinil Perera	Student IV

### Group Coursework Meetings (minimum 6 meetings, e.g., one per week)

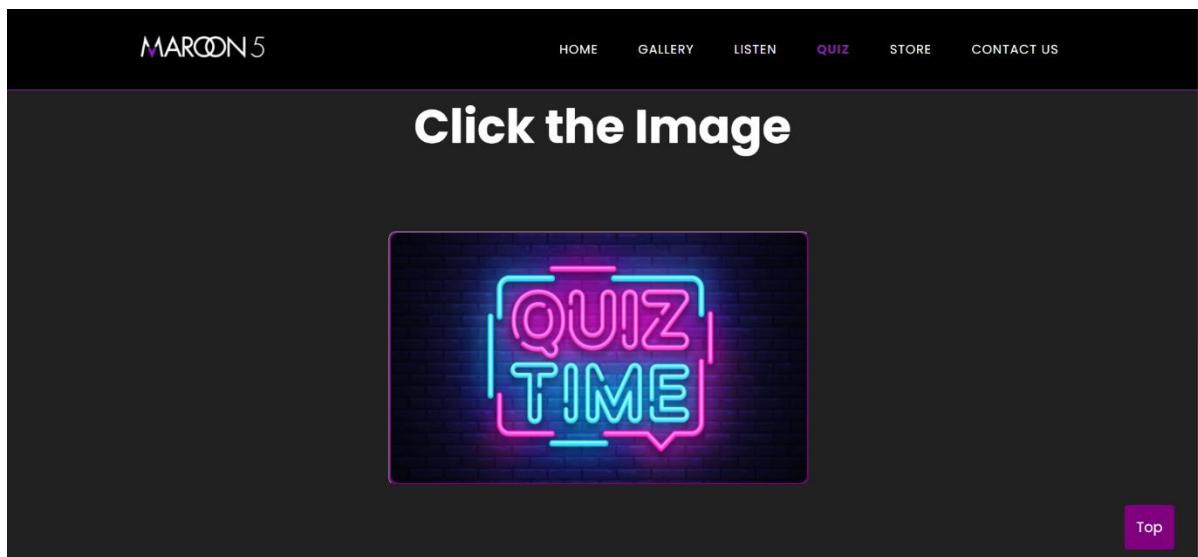

1	<b>Date &amp; Time:</b>	24 <sup>th</sup> February 2022, 7pm
	<b>Objective:</b>	Choose a theme for the website
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Pitched ideas for the website in accordance with the given categories.
2	<b>Date &amp; Time:</b>	1 <sup>st</sup> March 2022, 8pm
	<b>Objective:</b>	Finalize the task allocation for the team
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Created a checklist for the tasks that need to be completed.
3	<b>Date &amp; Time:</b>	6 <sup>th</sup> March 2022, 3pm
	<b>Objective:</b>	Progression update from the team
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Got feedback on my webpage and provided constructive criticism for my teammates' webpages.
4	<b>Date &amp; Time:</b>	11 <sup>th</sup> March 2022, 7pm
	<b>Objective:</b>	Create the additional content page
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Assisted with creating the source code and style sheet.
5	<b>Date &amp; Time:</b>	20 <sup>th</sup> March 2022, 5pm
	<b>Objective:</b>	Create the main page
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Assisted with finding images and referral links.
6	<b>Date &amp; Time:</b>	26 <sup>th</sup> March 2022,
	<b>Objective:</b>	Finalize the website
	<b>Attended:</b>	Present
	<b>Your Contribution:</b>	Went over the final website and made few improvements.

## 2. Technical Discussion

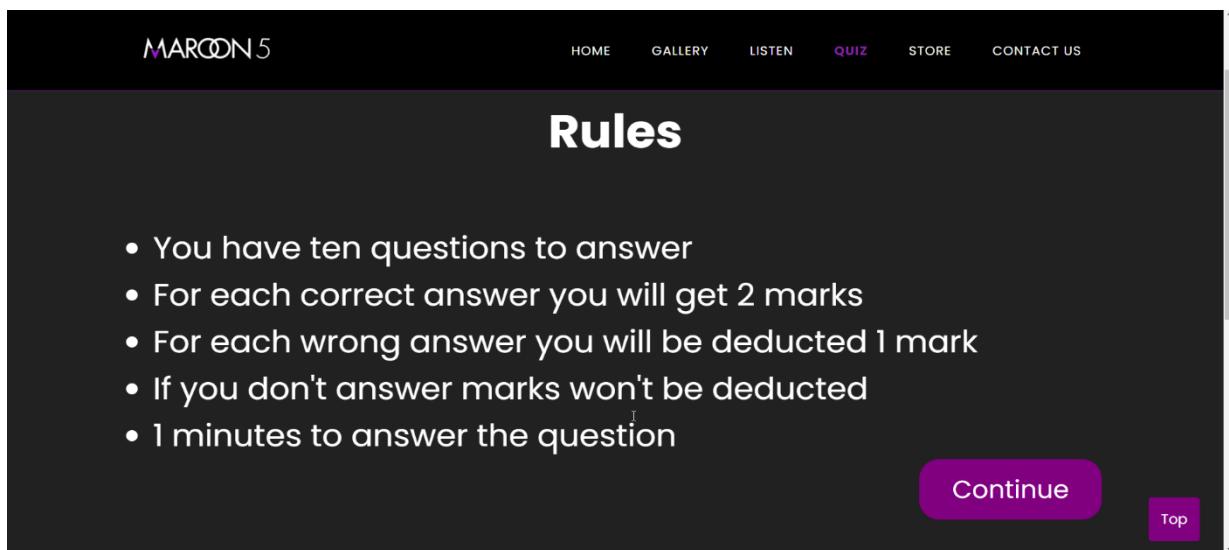

### Appendix A: Code

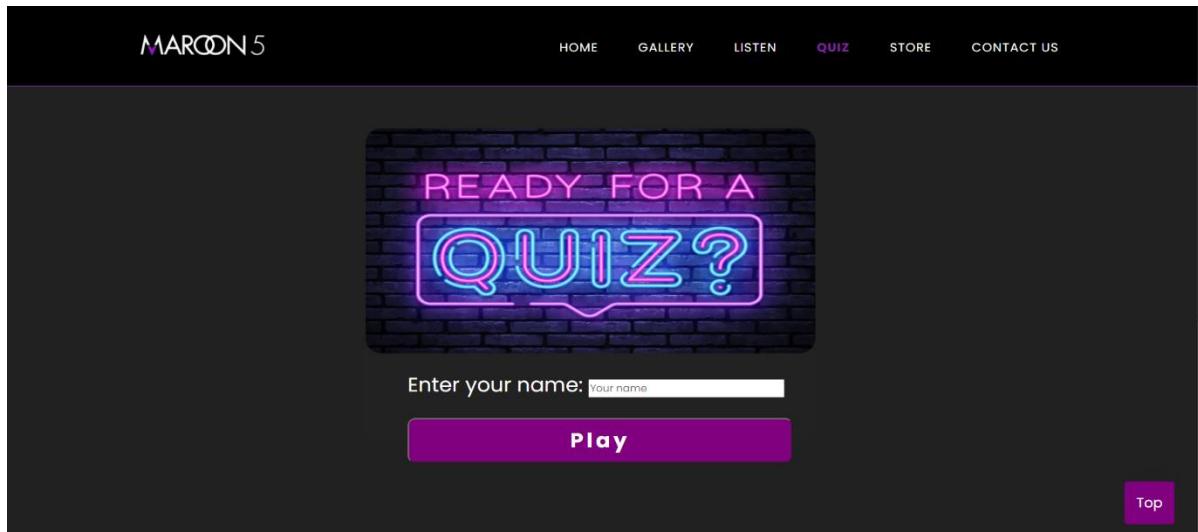

#### Quiz

The goal of this is to get an interactive multiple-choice quiz done about the subject of music with certain limitations. At first When the user clicks the quiz time image the page will load to quiz rules.

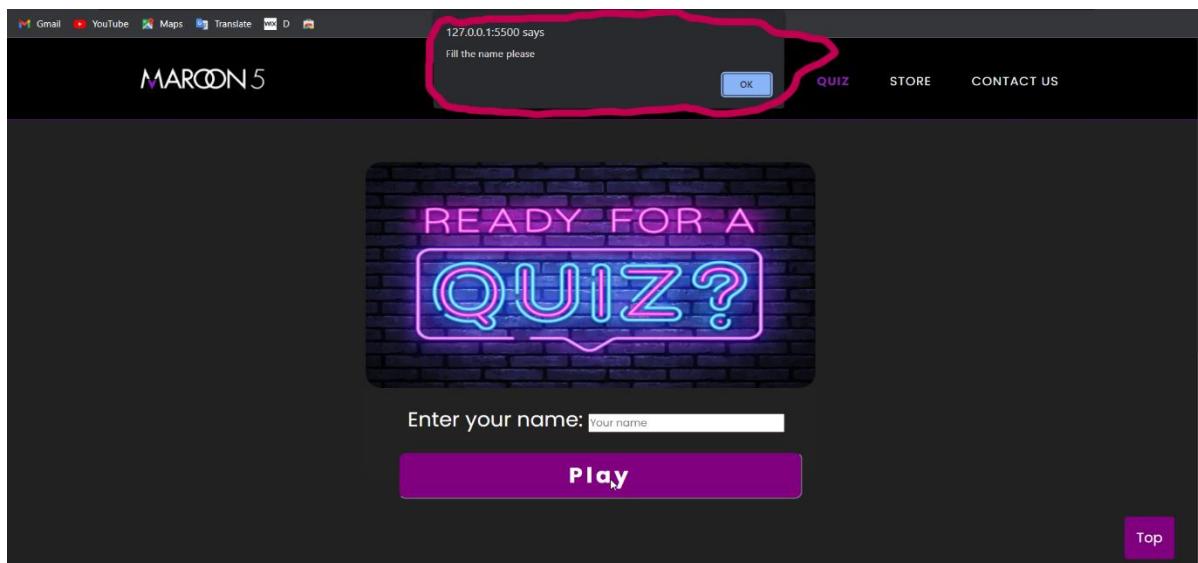

After reading all the rules, to move to the next page click continue button on the bottom of the page at the right-side corner.

If user continues the next page it will ask them to enter their name. If they forget to provide the name and clicks the play button the error message will display like shown in the below picture saying “Fill the name please” on the same page itself.

To create the alert I have used java script in which there is a code on else condition. The code is also given in the below box.

```

33  var startGame;
34  var player;
35  var myVar ;
36  function play(){
37  if(document.getElementById("fname").value!=""){
38  |   player=document.getElementById("fname").value;
39  |   if (change=="false") {
40  |   |   document.getElementById("main").innerHTML=document.getElementById("questiones").innerHTML;
41  |   }
42  |   startGame=new Date().getTime();
43  |   myVar = setTimeout(displayScore,60000);
44  |   timer();
45  }
46  else{
47  |   document.getElementById("main").innerHTML=document.getElementById("game").innerHTML;
48  |   alert("Fill the name please");
49  }
50  }

```

But if a user provides their name and click the play button the page will load to the 1<sup>st</sup> question page. Where the timer will stay fixed on the top middle of the page. It starts counting down from 60 seconds.

There will be three answers for the question. The user can choose one or can skip another question without answering. no error message will be displayed even If they didn't choose answer. Likewise, can move to all ten questions.

00:55

1. What was the band originally called?

- Maroon 8
- Burgundy Boys
- Kara's Flowers

[Next Quiz](#) [Top](#)

00:29

2. Which member of Maroon 5 is a coach on The Voice?

- Adam Levine
- Mickey Madden
- James Valentine

[Top](#)

If the user choose to skip the questions, they cannot go back to the previous question again. I have given below the function used to move from each questions to another.

```

58  function q1(){
59  | checking();
60  | document.getElementById("q1").innerHTML=document.getElementById("q2").innerHTML;
61  }
62
63  function q2(){
64  | checking();
65  | document.getElementById("q1").innerHTML=document.getElementById("q3").innerHTML;
66  }
67
68  function q3(){
69  | checking();
70  | document.getElementById("q1").innerHTML=document.getElementById("q4").innerHTML;
71  }
72
73  function q4(){
74  | checking();
75  | document.getElementById("q1").innerHTML=document.getElementById("q5").innerHTML;
76  }
77
78  function q5(){
79  | checking();
80  | document.getElementById("q1").innerHTML=document.getElementById("q6").innerHTML;
81  }
82
83  function q6(){
84  | checking();
85  | document.getElementById("q1").innerHTML=document.getElementById("q7").innerHTML;
86  }
87
88  function q7(){
89  | checking();
90  | document.getElementById("q1").innerHTML=document.getElementById("q8").innerHTML;
91  }

```

```

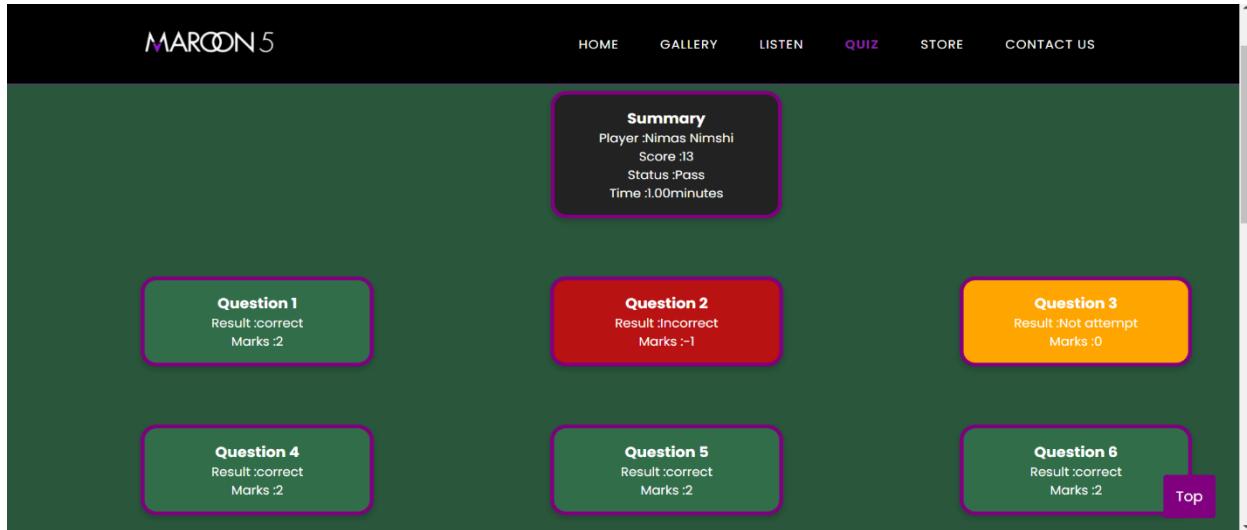

93  function q8(){
94  | checking();
95  | document.getElementById("q1").innerHTML=document.getElementById("q9").innerHTML;
96  }
97
98  function q9(){
99  | checking();
100 | document.getElementById("q1").innerHTML=document.getElementById("q10").innerHTML;
101 }
102  function q10(){
103 | checking();
104 | displayScore();
105 }

```

On the 10<sup>th</sup> question page click the button “Score Board” to see the final score. Even if he didn't click but the count down finishes it will direct to the score board page automatically.

On the score board page there will be summary box on the top middle and below that there will be 10 boxes for each question.

In the summary box there are player name, the points he scored in total, status whether pass or fail and the seconds took to complete.

When question box is in green that particular question is correct. If it is in red, the question he answered is incorrect. And if they didn't answer the question the box will be in orange colour.

```

117
118  var status;
119  function displayScore(){
120  |  timeDifference();
121  |  clearTimeout(myVar);
122  |  if (score>12){
123  |  |  status ="Pass";
124  |  |  document.body.style.backgroundColor="#2A573C";
125  |  }
126  |  else{
127  |  |  status ="Fail";
128  |  |  document.body.style.backgroundColor="#900C3F";
129  |  }
130  |  for(var i=0;i<10;i++){
131  |  |  if(scores[i]==1){
132  |  |  |  document.getElementById("card"+(i+1)).style.backgroundColor="#B81212";
133  |  |  |  document.getElementById("Q"+(i+1)).innerHTML="Result :"+check[i];
134  |  |  |  document.getElementById("marks"+(i+1)).innerHTML="Marks :"+scores[i];
135  |  |  }
136  |  |  else if(scores[i]==2){
137  |  |  |  document.getElementById("card"+(i+1)).style.backgroundColor="#326D4A";
138  |  |  |  document.getElementById("Q"+(i+1)).innerHTML="Result :"+check[i];
139  |  |  |  document.getElementById("marks"+(i+1)).innerHTML="Marks :"+scores[i];
140  |  |  }
141  |  |  else{
142  |  |  |  document.getElementById("card"+(i+1)).style.backgroundColor="orange";
143  |  |  |  document.getElementById("Q"+(i+1)).innerHTML="Result :"+check[i];
144  |  |  |  document.getElementById("marks"+(i+1)).innerHTML="Marks :"+scores[i];
145  |  |  }
146  |  }
147  }

```

```

3  function checking(){
4  if (document.getElementById('correct').checked) {
5  score +=2;
6  check.push("correct");
7  scores.push(2);
8  }
9  else if(document.getElementById('incorrect1').checked){
10 | score-=1;
11 | check.push("incorrect");
12 | scores.push(-1);
13 }
14 else if(document.getElementById('incorrect2').checked){
15 | score-=1;
16 | check.push("incorrect");
17 | scores.push(-1);
18 }
19 else{
20 | check.push('Not attempt');
21 | scores.push(0);
22 }
23 }

```

If the total score is above than 12 , the background colour of the page will turn into green and pass in the status. But if the score is 12 or below than 12, the background colour will turn in to red and fail in the status.

At the end of the page, there will be a button named as retry. The retry button when clicked reloads or refreshes the page for the user to try again.

The screenshot shows a quiz interface with a dark green background. At the top, there is a navigation bar with links: HOME, GALLERY, LISTEN, QUIZ (which is highlighted in purple), STORE, and CONTACT US. Below the navigation bar, there are five question cards, each with a purple border. The first four cards have a 'Marks :2' label at the top right. The fifth card has a 'Marks :2' label at the top left. The questions are: Question 7 (Result: correct, Marks: 2), Question 8 (Result: correct, Marks: 2), Question 9 (Result: correct, Marks: 2), Question 10 (Result: correct, Marks: 2), and a question that is not fully visible. At the bottom center is a 'Retry' button, and on the right side is a 'Top' button.

## Students Details

The student details page is designed in a way that the four members are fitted into a row. Whenever the user hovers over any image the details of the respective member are displayed on the card. The CSS below ensures that only when the user hovers over an image the details are displayed. The displaying details are tasks, name, uow id and iit id. When the user hovers over an image, the details which are hidden behind the image will be visible to the users in a purple box with white colour text.

The screenshot shows an 'About Us' page with a dark background. At the top, there is a title 'About Us' and a subtitle '- Members Details -'. Below the subtitle, there are four cards, each containing a student's profile picture and details. The first three cards are standard images, while the fourth card is a larger image with a purple overlay containing the student's details. The details for the fourth student are: Student 03, Nimas Nimshi, Uow Id-w1871024, IIT Id-20210229. At the bottom of the page, there is a footer with the text: 'All copyright credits are reserved to the "Maroon 5" Site Map Page Editor : Nimas Nimshi' and the URL '127.0.0.1:5500/pageeditor/nimshi.html'.

```

50  .teams {
51    position: relative;
52    justify-content: center;
53    align-items: center;
54    padding: 30px 0;
55    display: grid;
56    grid-template-columns: repeat(4,1fr);
57    margin-bottom: 100px;
58  }

```

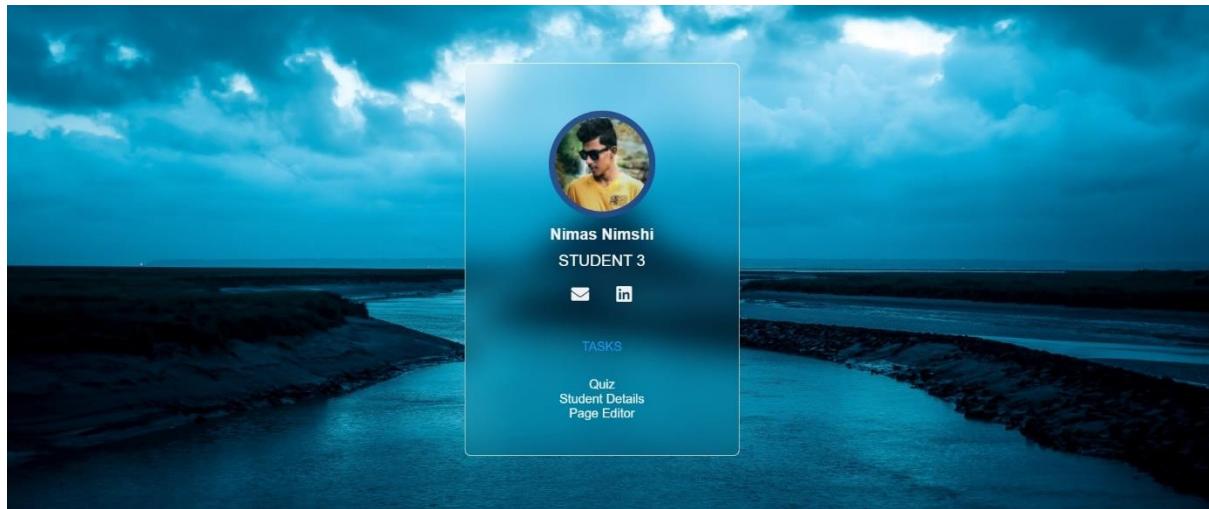

```

90  .card .content {
91  position: relative;
92  margin-top: -140px;
93  padding: 10px 15px;
94  font-size: 13px;
95  text-align: center;
96  color: #fff;
97  visibility: hidden;
98  opacity: 0;
99  transition: 0.3s ease-in-out;
100 }
101 .card:hover .content {
102  visibility: visible;
103  opacity: 1;
104  margin-top: -40px;
105  transition-delay: 0.3s;
106 }

```

## Page Editor

The profile card was designed following the concept of Glassmorphism which blurs the area behind the container.

For extra responsiveness added social media icons linking the font-awesome icon set. A row of four icons will be displayed right after the student role and when each icon is clicked the user will get directed to the account of the student of the respective social media platform.

The header for tasks was styled using the transition property and the hovering effect available in CSS.

Once the page editor is loaded a centered profile card will be displayed on the page which contains the image, name, role, and the set of tasks completed by the student. Around the image, there will be an animated border with two colors this was accomplished using CSS @keyframes rule.

```

57  @keyframes animated-gradient{ /*changes style of animation in percentages*/
58  | 25%{
59  | | background-position: left bottom;
60  | }
61  | 50%{
62  | | background-position: right bottom;
63  | }
64  | 75%{
65  | | background-position: right top;
66  | }
67  | 100%{
68  | | background-position: left top;
69  | }
70  }

```

## Additional Content Page

I designed two additional pages. I given in the below box.

MAROON 5

HOME GALLERY LISTEN QUIZ STORE CONTACT US

## Who are we?

Maroon 5 is an American pop band from Los Angeles, California. It currently consists of lead vocalist Adam Levine, keyboardist and rhythm guitarist Jesse Carmichael, lead guitarist James Valentine, drummer Matt Flynn, keyboardist PJ Morton and multi-instrumentalist and bassist Sam Farrar..

### 3. Webpage Validation Statement

- The Students Details ( about.html ) of the site was validated without any errors and warnings.
- The Page Editor ( pageeditor/nimshi.html ) of the site was validated without any errors and warnings.
- The Quiz ( Quiz.html ) of the site was validated with 64 errors and 64 warnings. All the errors are Duplicate ID's and all the warnings are The first occurrence of ID's

(All the screen shots of the validation results are given in Appendix C)

### 4. Janet

All of the author's work is virus-free, secure, and ready to use. According to The Copyright, Designs, and Patents Act (1988), copyright infringement was avoided. In the reference-list section, the creator has provided credit to all work of other authors that were taken to use in this project.

Considering the Computer Misuse Act (1990), no unlawful activities such as unauthorized access to protected material, such as hacking, were prevented. As a result, other hacking offenses, such as stealing or damaging data in a computer system, were automatically avoided. The content in the web pages does not promote any political parties or any outrageous acts.

Following the principles of the Data Protection Act (1998), the personal data used were maintained safely to ensure that data was not misplaced, disposed of, or mishandled. The aforementioned ethical and legal measures were taken to ensure that the works adhere to the Janet Policies and do not violate the principles of the prior legislations

## Appendix D: Individual Statement

Student Name:	Ahamed Nimas Nimshi	Student Id:	W1871024
State what tasks you carried out in the project.			
<ul style="list-style-type: none"> <li>Quiz</li> <li>Student Details</li> <li>Page Editor</li> </ul>			
State what you enjoyed and did not enjoy about teamwork.			
<ul style="list-style-type: none"> <li>I enjoyed the true team spirit and am satisfied with the contribution of each member in making this project successful.</li> </ul>			
State what you learnt about teamwork.			
<ul style="list-style-type: none"> <li>With teamwork, everything can be done much faster and the creative ideas of team members can make the tasks much more flexible.</li> <li>Different perspectives of each problem can have different solutions which help to share the knowledge among members.</li> </ul>			
State what skills you gained/learnt from undertaking the project.			
<ul style="list-style-type: none"> <li>Skills in front end web development</li> <li>Resourcefulness</li> <li>Creativity</li> <li>Social skills when it comes to working with team members</li> </ul>			
State any strengths about yourself that emerged whilst undertaking the project.			
<ul style="list-style-type: none"> <li>The urge to complete the project and give your maximum in making the project successful.</li> <li>Creativity</li> <li>Focus</li> <li>Dedication</li> <li>Worked on time and had to plan which made me schedule everything related to the project.</li> </ul>			
State any weaknesses about yourself that emerged whilst undertaking the project.			
<ul style="list-style-type: none"> <li>Gaps in knowledge in mainly JavaScript.</li> </ul>			
State how you would do things better if you were to undertake the project again.			
<ul style="list-style-type: none"> <li>I would learn much deeper about JavaScript so that it'll make the web page much more interactive and responsive along with this the wasted time on trial and error methods could be reduced as well.</li> </ul>			
Additional general or project specific comments:			
<ul style="list-style-type: none"> <li>The project was really good, got the chance to learn much more about front-end-web development and team spirit.</li> </ul>
